

# REF CLASSROOM

## - BASICS OF DIFFUSE LUNG DISEASES

# Ref.

Since 1996

## 12TH MAY TO 28TH JULY – 12 WEEKS

This course is for any physician interested in the radiology of diffuse lung diseases, from resident to consultant

### About the Curriculum

- This curriculum will be taught using Google Classroom. The Introductory Video (link below) has an overview of the curriculum.
- Each week, a new YouTube video on the subject of that week will be uploaded on a Sunday.
- Each video will be accompanied by classwork to be done, in the form of questions and quizzes to be answered. The answers will not be graded but each participant must complete the questions.
- Any questions posed by participants will be answered asynchronously within 2-3 days.
- The last quiz on Week 12 must be answered fully over 1 week and the participant must get 33% correct.
- After completing the course work and the final assessment, a certificate of completion will be issued.
- If less than 80% of the assignments have been completed, then no certificate will be issued.
